WORK HISTORY

PIXEL ARTIST

EvonaGames - 2021 - 2023

I worked as a pixel artist at this company and we collaborated on two game projects. I believe I have developed significantly in the field of pixel art. (Game Names: Circulus on itch.io - Vindex on itch.io)

ABOUT ME

Hello, my name is Ismail. I am in my first year of computer engineering at Abdullah Gül University. I have been working with pixel art for five years. In addition, I have worked as a pixel artist on five short story games. Because of University, I can work as online.
